

JANELLE'S CAMPFIRE POTATOS

Ingredients:

1 TBSP olive oil
2 medium potatoes, thinly sliced
1 medium sweet onion, sliced
3/4 cup of your favorite cheese (I use Pepper Jack)
Your Favorite spices (I use): Garlic, Paprika, Parsley
S&P
Foil

Instructions:

1. Mix all ingredients together, divide in half and make 2 foil packets.
(potatos don't freeze that well, so make up the packets just before you leave and use them quickly, or make them up when you are ready)
2. Tear a small hole in the very top of the foil to use as a steam vent.
3. Grill the foil packet for 20 minutes, or until the potatoes are tender and cheesy

This recipe is wonderfully gooey, so I like to spritz cooking spray on the foil.
Be prepared to peel the cheese off the foil...
